SUMMARY

Emerging AI Consultant and Microsoft Business Program Manager Intern specializing in Microsoft Copilot, Azure AI, Agentic AI, Azure AI Foundry, Prompt Engineering, and AI-driven business transformation. Hands-on experience building AI applications with Python, FastAPI, and Azure AI Services.

EXPERIENCE

Microsoft – Business Program Manager Intern Sep 2025 - Present

Customer Service & Support (CSS) | Smart Village, Egypt

- Supported business operations, service delivery, and operational excellence initiatives across Microsoft CSS.
- Improved SLA compliance by monitoring 30+ case queues every 30–60 mins, reducing misrouted cases by 60%
- Collaborate with cross-functional teams to improve customer and business outcomes.
- Drive process improvement and operational governance initiatives.
- Support AI adoption, knowledge-sharing, and business transformation efforts.
- Analyze business challenges and recommend data-driven solutions.

PROJECTS

AI Avatar Presenter | Azure AI Speech, FastAPI, PowerPoint Automation

- Developed an AI-powered presentation platform that converts PowerPoint presentations and text scripts into professional talking avatar videos.
- Implemented slide extraction, narration generation, avatar video synthesis, and presentation rendering using Azure AI Speech Avatar and FastAPI.
- Automated end-to-end workflow from PPTX upload to downloadable MP4 presentation, including slide-image generation, avatar overlay, and video merging.
- Built REST APIs and interactive web interface supporting multilingual voices, customizable avatars, and dynamic presentation generation.
- Integrated Microsoft PowerPoint Automation, MoviePy, and Azure AI services to create scalable AI-driven content creation workflows.
